You have an obligation to tell us about your food allergies & intolerances. If we don't know, we can't help.

Our food here is sourced wherever possible from our own organic farm in Bishopstone (Eastbrook) – all the meat items, except chicken when available from Otter Valley, most of the veg and salad, most of the soft fruit; the wheat here fuels the sourdough bread, made in Hungerford. We can't always have everything available, apologies in advance if we are running short of any ingredients. Fish from Wing, a properly sustainable business. We add a 10% service charge on groups of 4+ if we feel we've looked after you well, but feel free to change as you see fit.

The farm can be a source of wonderment at the right time of day or year—wildlife abounds, livestock are lovely, walking is easy especially on the Ridgeway - we have maps for you. We offer breakfasts, picnics, scavenger hunts, meeting spaces (here & outside), farm safaris. Take some time and enjoy us completely, one day; and use our luxury bedrooms. Ask about our Land Rover taxi service for groups of 6-10. Let us know in advance of any allergies or dietary requirements. If you don't tell us, we can't help. We have a sense of humour, but some people test it.
