90% of the ingredients here are certified organic from our farm. All pork, lamb, sometimes beef, & charcuterie, most veg & salads from Pete on the farm, & wheat for bread from this fertile organic place and other local farms occasionally. Plus honey, fruit in season, & other bits and pieces. Our glorious butcher and current organic beef supplier is Stitchcombe Farm near Marlborough WWW.HELENBROWNINGSORGANIC.CO.UK

10% service charge on garden/deck tables, & groups of 4+ if we feel we've looked after you well, but feel free to change as you see fit. Up or down!

Ask us about picnics (either on bespoke picnic spots on the farm, or as a packed lunch), our farm and wildlife safari, a scavenger hunt; or sit quietly in a wildlife photography hide somewhere relatively remote. Some very interesting birdlife around, plus increasing sightings of stoats, hares, deer, adders, grass snakes (round the veg patch) Still looking for my first beaver. Some tawny owls occasionally chattering too loudly at night, guests say. Part of HB's Eastbrook Farm—wildlife, livestock, flora, & topography all worth some time, when you've got it. So make it! TF
